

Epping Relocation Update

An update in relation to our new [Epping Surgery Centre](#) (ESC) development at 34 Boronia Avenue, Epping. Unfortunately, due to the COVID-19 shut down of construction across hot spot LGA's has impacted on our plans and timeframes. Construction is now back at 100% and our builder is progressing well but the resultant delays have forced us to revise our plans with the scheduled opening now during Easter 2022.

We expect the new ESC to be completed by February/March 2022 so the above plan will facilitate a staged and coordinated transition. [Click here](#) to read more.
